The world's coolest neighbourhoods in 2021

Photograph: Giuseppe Liverino, courtesy of Copenhagen Media Center

1. Nørrebro, Copenhagen

However you define 'cool', Nørrebro has it. This diverse district, on the northern side of Copenhagen's lakes, is a dazzling blend of historic landmarks, ultramodern architecture and food and drink joints to make this famously gourmet city proud. Even during this harshest of years

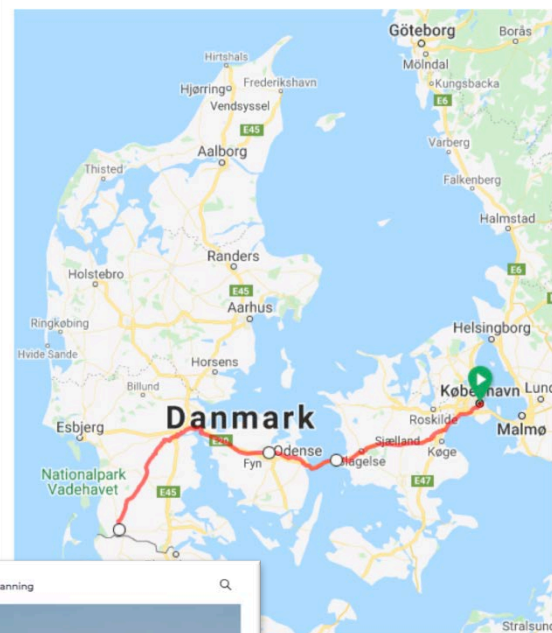

Take it Slow – study tour May 2022, Denmark

Program 220126

Program 220126

Follow-up after meeting January 26th

First of all thank you all very much for a good meeting and for very relevant questions and remarks after my presentation.

As promised I hereby send you a little additional information

Arrival

Please plan your arrival to Copenhagen Airport (CPH). The program starts Monday May 2nd with a late lunch (final time for the lunch depends on final flight schedules and will be announced later), so you have all morning to arrive.

If you prefer to arrive on Sunday May 1st please send me a mail and I will send you a suggestion for a hotel.

Departure

The study tour terminates in Billund on Friday May 6th around 5 pm. Please plan your departure from Billund Airport (BLL) after this. Please also note that we will be in Billund already around 3 pm to visit the Lego House, so there is a possibility to catch an earlier flight.

If you prefer to depart on Saturday May 7th or if you prefer to go to Copenhagen to depart from there (late Friday evening or Saturday) please send me a mail and I will send you a suggestion for a hotel.

Travel insurance

Please assure you have a personal or professional travel insurance.

I advise you contact a local insurance company for any questions regarding this.

Please also make sure the insurance covers you if you are not able to travel due to a corona-infection and alike.

Remarks, wishes, questions

Please send such to me by mail by Friday February 11th at the latest. After this I will do a general follow-up if relevant and I will do the final arrangements for the study tour
